

Dressage Judging Guidelines

This document serves as a supplement to the information provided in the iEA rulebook, and contains excerpts from the 2022-2023 IEA Rules and Regulations and the Dressage Addendum. Please make a special note of the following and contact show management with any questions.

As an Interscholastic Equestrian Association judge, we ask that you take into consideration the uniqueness of interscholastic horse shows. Riders will compete on an unfamiliar horse, and in the DSE classes they will not have the opportunity to ride their mounts before they enter the arena to be judged. The show horses will be warmed-up by non-competing riders and the IEA members will not have been on any other horse before they ride that day. The only exception would be Open - level riders who may be warming up horses provided by their own team.

- The key to judging IEA competition is to look for the rider who is the most effective and the most capable, regardless of their mount. For example, a rider who draws a difficult horse, but is an outstanding rider and shows remarkable ability, should place higher than a mediocre rider who does very little on an extremely nice horse.
- All tack and artificial aids presented in the ring have been deemed acceptable by the show steward and have been checked for safety.
- All horse assignments (draws) are RANDOM. Riders have no control over which mount they are given. Please talk with the stewards and/or show management if you think a horse is inappropriate.
- Riders should not be penalized due to horse height issues (i.e. small rider on big horse or tall rider on short horse)
- The show steward may stop a class and remove a horse that is acting inappropriate or unsound, or a rider who is using inappropriate artificial aids. The show steward will provide next steps in these cases.
- If a horse performs so poorly that you cannot judge the ability of the rider, the steward may grant a “re-ride”. The request for a re-ride may come from the judge or the coach of the rider, but the show steward is the person who ultimately decides if a re-ride will be granted. While you cannot grant a re-ride, if you feel that you need to see a rider on a different horse, then you can “test” the rider by having them switch with another rider in the ring (See *Dressage Rider Tests* - page 6 of the Dressage Addendum).
- If a re-ride is granted in a Dressage Test class, then the rider with the new horse will test after the final scheduled horse. If a re-ride is granted in a DSE class, you may pick up where you left off, or you may start the class from the beginning.

Judging Requirements

taken from the 2022-2023 IEA Rules and Regulations Page 86

- A. In dressage seat equitation classes, only the rider is being judged, therefore, no penalty should be assessed because of the horse's conformation, color or way of going.
- B. Judges should not feel it necessary to test
- C. Riders will be judged on seat, hands, ability to control and show horse.
- D. Results as shown by performance of the horse are NOT necessarily to be considered more important than the method used by the rider in obtaining them.
- E. A rider must be prepared to perform the tests appropriate for the class in which the rider is participating.

F. Dressage Discipline – Hands and Seat

1. The rider should be well-balanced, elastic, sitting deep in the center of the saddle, smoothly absorbing the movement of the horse with his loins and hips, supple thighs with the legs steady and stretched well down.

2. The heels should be the lowest point.

3. The upper part of the body should be tall and supple. The contact should be independent from the rider's seat. The hands should be carried steadily close together, with the thumb as the highest point and a straight line from the supple elbow through the hand to the horse's mouth. The elbows should be close to the body.

G. Dressage Class Routine

1. Dressage Test

- a. Rider may enter the arena upon the final salute of the previous competitor.
- b. Rider may warm up for a minimum of one minute or upon the bell for their round.
- c. Rider enters center line at A, halting at X to begin test.
- d. At final salute, rider will walk up center line towards C and may stop and talk with the judge.

2. Dressage Seat Equitation

a. Riders must enter the ring collectively on the rail and show collectively at all required gaits in both directions prior to any individual testing.

b. Riders must be judged at the medium walk, working trot (sitting and rising), and working canter in both directions (except for W/T classes).

c. A judge may, but is not required, to choose to request that all riders perform movements listed below on the rail as a group:

i. Free walk

ii. Transitions from one gait to the next in both direction

iii. Transitions from walk to halt and vice versa

iv. Change of direction across the diagonal, down the centerline, across the arena, and/or by making a half circle.

v. Half-circle at the walk or trot

3. Following required rail work, a judge may, **but is not required**, to also choose to do additional testing to be ridden in small groups or independently using the appropriate tests listed in Rule 3.N: Dressage Seat Equitation Rider Tests.
