## IEA TO CONTINUE LEGACY AND MISSION OF JUNIOR ESSEX TROOP OF CAVALRY

Originally Published March 31, 2023

**T**he Interscholastic Equestrian Association is pleased to announce their partnership with **The Junior Essex Troop of Cavalry (JET)** to continue the Troop's legacy of fostering the love of horses among youth through education in the art of horsemanship and equine athletics. The partnership will provide a Perpetual Trophy for both the Middle and Upper School Hunt Seat Championship Teams at annual IEA Hunt Seat National Finals.

The trophies will be named in their honor; **"The Junior Essex Troop of Cavalry Trophy"** known as the **"JET Trophy"**. They will be presented for the first time at the 2023 IEA Hunt Seat Finals being held at the Tryon International Equestrian Center in Mill Spring, NC on April 27-30. Junior Essex Troop of Cavalry has pledged \$80,000 that includes the Perpetual Trophies, along with funding support for the IEA through a generous financial gift that will be used to support additional prizes for the National Finals Championship Teams, as well as the IEA Benevolent Fund, educational offerings, and IEA general programming for riders in Grades 4-12 to further our joint mission.

IEA currently has a membership of 14,600 nationwide and offers draw-based competitive programs for riders in grades 4-12, with the goal of promoting lifelong involvement, understanding and appreciation for equestrian sport.

*"The Junior Essex Troop Show in West Orange, New Jersey, was the largest all junior show in the United States for a number of years",* says Rodney Seelig, President. *"Team competition was a primary and prestigious aspect of the show featuring the Junior Military Divisions and later the Junior Teams Divisions, in a format similar to the way IEA conducts their National Finals."*

Teams of three would compete at one of the three different levels of skill. During the remainder of the year many of these organizations would participate in "Invitation Meets" where these teams would travel to one of the barns that participated and compete on that barn's horses, similar to the IEA's current draw-based format. Alumni and friends continued to run the show after the daily operations of JET ceased. A 35-year labor of love by this group of dedicated individuals carried on JET's traditions and made possible the sponsorship we are proudly providing IEA.

*"IEA is quite like the Troop in its mission,"* said Tim Cleary, an officer of The Junior Essex Troop who became its Horsemanship Instructor and is an Associate Professor of equine studies at Centenary University. *"The Junior Essex Troop, and riding organizations like it, were the foundations of the Intercollegiate Horse Shows Association (IHSA) and the IEA. We, as kids, experienced the format they are doing now."*

*"It meant so much to all of us,"* agreed another JET board member, John Walker, who is pleased that distribution of the organization's funds was well thought-out. John noted that the first horse show ribbon ever won by his son, Jack, now 27, was at an IEA show. He was inspired to go on with his riding and is training today to be a veterinary technician.

*"I am so happy to have the Junior Essex Troop name live on in an organization that is so much like it,"* Cleary commented. *"The objective is/was to introduce those drawn to horses in a way that is affordable."*

Through the IEA Benevolent Fund, Roxane Durant, IEA's Executive Director and one of its Founders, notes kids who might not otherwise be able to ride

will get the boost they need from IEA. *"Those are the kind of kids that will step into this industry because they fought hard to be in it. That's hugely significant and JET's funding will be instrumental in continuing accessible programming for young riders."*

The IEA's unique program of draw-based (catch-ride) competition means that no rider is required to own a horse or tack, making it a more affordable way for riders to participate. *"The funding support from Junior Essex Troop will allow the IEA to increase the impact of our grass roots access to equestrian sport",* says Kathy Dando, IEA Resource Development Director. *"The IEA provides a safe environment for young athletes to develop unparalleled horsemanship skills, along with added life skills such as confidence, empathy, and resiliency that will support them for a lifetime." ■■■*

### ABOUT THE JUNIOR ESSEX TROOP OF CAVALRY

The Junior Essex Troop of Cavalry (JET) was founded in 1931 as a cadet auxiliary with the support and aid of the famous Essex Troop of the 102nd Cavalry, New Jersey National Guard. It was the only junior cavalry squadron sanctioned by the United States Government. In 1943, the Junior Essex Troop was incorporated as a 501(c)(3) nonprofit organization with the mission to "foster the love of horses among boys" through military training and education in the art of horsemanship. The Troop became co-ed in 1983, developing and educating young men and women through equine activities. The Troop ceased daily operations in 1989.

Also, through participation each rider, rider's parents/legal guardians, coach, trainer, and participant acknowledges **THAT HORSES ARE INTRINSICALLY DANGEROUS AND UNPREDICTABLE AND CAN CAUSE SERIOUS INJURY OR DEATH**, thus each agrees to indemnify, defend and hold harmless IEA, its officers, directors, members, employees, Executive Director, National Steward, agents and representatives, the show stewards, stewards committee members, the show judges, the show secretaries, all show organizers and officials, all medical personnel, and all persons, stables, and others providing facilities, horses or equipment from the Show, other riders, coaches, teams and team sponsoring institutions, from any claim, action or suit, for injury, property damage or death sustained by the individual, rider, entity, coach trainer, or participant while traveling to, from and around the show, while staying in the city for the show, during participation in the show and while at the show. However, if a topic is not covered by these Rules and Regulations, the rules and regulations of the Intercollegiate Horse Show Association ["IHSA"] and United States Equestrian ["USEF"] for the Hunt Seat Division may be used as a reference for guidance in making an equitable decision under the circumstances. Any decisions made by a steward or show management shall be final. All horses will be provided by the host team. Horses and Order of Go will be assigned by a random draw on the day of competition. Before jumping classes, each rider will be allowed only two warm-up fences, in the pattern posted by the show steward. Warm-up fences may only be changed by a steward or show official. All classes will be judged on equitation, and faults of the horse will not be judged. The first of its kind, **HorseIQ** is an innovative exhibitor educational online platform. **HorseIQ** brings exhibitors of any horse breed up to speed with current rules and judging standards in dynamic, easy-to-access video modules.

**HorseIQ** puts the potential for improvement at your fingertips. Each module focuses on one discipline; watch video examples with explanations of penalties and maneuver scores, judge a class online with “reasons” by an official judge, and put your skills to the test by judging numerous runs and comparing your scores to official APHA World Show judges’ scorecards. **HorseIQ** viewers receive the same information taught to carded judges at their annual educational seminars.

Hunt Seat Equitation, Showmanship, Longe Line, Trail, Western Horsemanship, Halter, Ranch Riding, Western Pleasure and Hunter Under Saddle modules are available now on **HorseIQ**.

**The resource library:** Features 17 different disciplines of APHA World Show footage with pattern descriptions, blank scoresheets, and the official class placings. Content is added monthly so check back often.

**PROUD SPONSOR OF THE 2023 IEA VARSITY OPEN CHAMPIONSHIP CLASS**

## HISTORY of the IEA Varsity Open Championship (VOC) Class

The Varsity Open Championship class was first offered at the "Interscholastic Invitational" events that prefaced the founding of the IEA. The class was based on the concept of an ASPCA Maclay equitation class and the IHSA's Cacchione Cup. Riders qualified into the class by making the overall top 10 in the Open Division on the day of the show. They were judged 50% on their over fences portion and 50% on the flat phase. The class continued into the offerings of the first IEA National Finals in 2003 where two Madeira School riders, Elizabeth Smith and Diana Glenney, placed first and second respectively. Their coach was Sue Wentzel (IEA's current National Steward), and she recalls an exciting ride-off where they switched horses in a final test to determine the winner. In the current version of this class, the top Open rider from each Zone is invited to compete in the VOC, along with the top two riders from the Varsity Open Individual division.

# JOIN THE IEA YOUTH BOARD

## WHAT IS THE IEA NATIONAL YOUTH BOARD?

The IEA Youth Board was created to provide an avenue for adult leaders to hear the youth voice and to offer leadership opportunities to rider members. Our Youth Board members are leaders in their local IEA Community and at a National IEA level. IEA Youth Board members work with adult advisers to disseminate information from IEA Marketing, host local community service events, help with a variety of activities at IEA National Finals for each discipline and serve as official representatives. In the past these opportunities have included presenting awards at IEA National Finals and the Ohio Quarter Horse Congress, organizing fundraisers at their local IEA shows and running informative IEA booths at non-IEA horse shows and equine events. IEA Youth Board Members also have the opportunity to host social media challenges, run their Zone or Discipline social media pages, participate in take-overs on the IEA's main social media pages and host virtual activities in their Zones and Regions.

## HOW DO I GET INVOLVED?

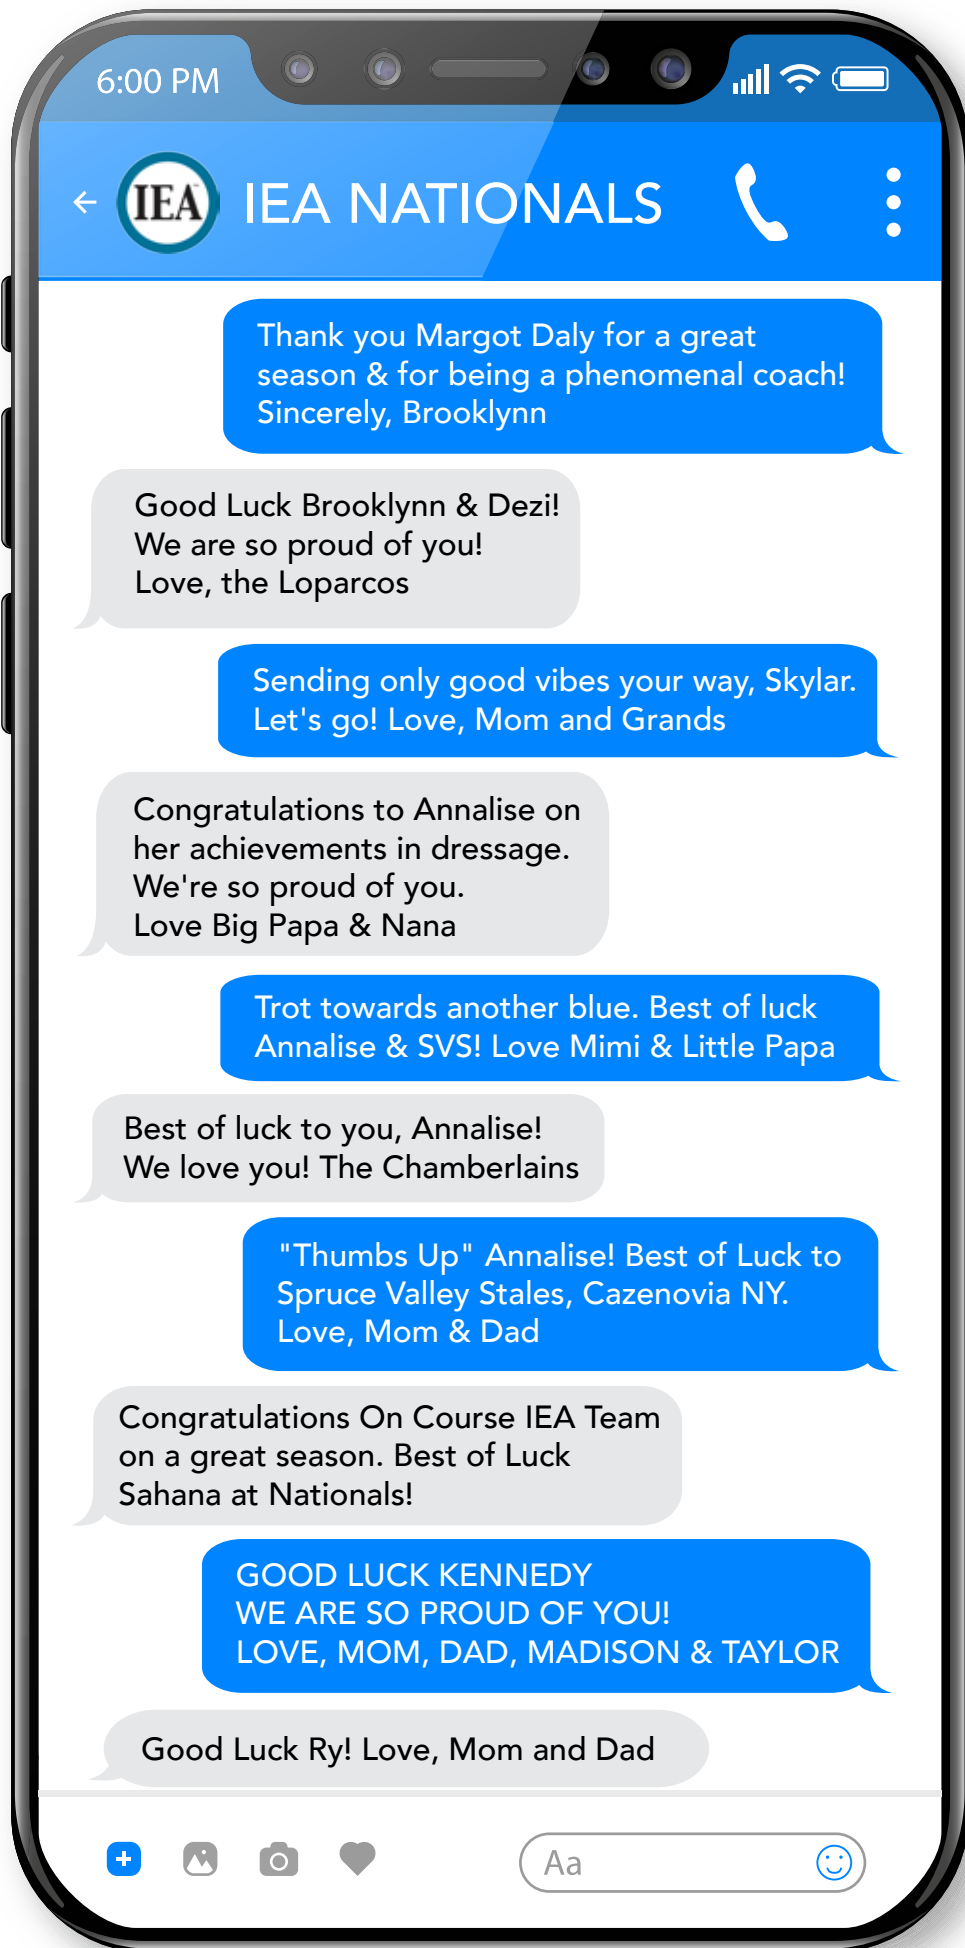

Elections are held at the beginning of each IEA season. Youth Board representatives are elected by their peers and serve a one-year term. Each Hunt Seat Zone is allocated one Youth Board Representative. Dressage and Western allotments increase as the disciplines grow - currently three Dressage and four Western Representatives. In order to apply, riders are required to have ridden in IEA for at least two years, submit a letter of recommendation and answer a series of essay questions on leadership. Each applicant runs a "campaign" in their Zone. Afterwards, each rider in the Zone receives an email to vote for their preferred Representative. Only one vote per rider is permitted.

The **deadline to submit applications for 2023-2024 Youth Board is June 30, 2023**. Applications can be found under Rider Opportunities at [www.rideiea.org](http://www.rideiea.org).

For questions about the Youth Board, contact the Youth Board Advisor, Montana McKnight at [montana@rideiea.org](mailto:montana@rideiea.org).

# GOOD LUCK SHOUT OUTS

# Congratulations and Best Wishes to the following SENIORS who are competing at the 2023 IEA National Finals.

We have very much enjoyed your participation in the IEA this season and will miss you next year. Good Luck with your future endeavors!

## HOW WILL YOU MAKE AN IMPACT FOR THE BREED?

**RACEHORSE PROJECT**

**LEARN MORE**  
Scan QR code or visit [therrp.org](https://therrp.org)

Since 2010, the Retired Racehorse Project has been leading a market-based approach to aftercare through education, service, and inspiration. While the RRP's banner event, the Thoroughbred Makeover, has directly impacted over 4,000 horses since its inception, the efforts of the RRP have inspired the transition of thousands of other ex-racehorses into second careers.

But we are much more than the Makeover: we are leading the aftercare industry in driving demand for Thoroughbreds in careers after racing, and we have big goals to expand our reach in 2023.

## A LITTLE REMINDER...

FROM THE IEA MEMBERSHIP OFFICE

Membership for the 2023-2024 IEA Season will open in June.

IEA is excited to debut a new database and enhanced member interface for the membership application process. As with anything new, we anticipate there will be some questions and a learning curve for all of us. The goal of the new database is to continue to streamline the membership process and give each individual IEA member login access to their own account information.

We look forward to launching it for you soon!

In the meantime, as you start organizing your 2023-2024 teams and show schedules, remember to utilize the Tentative Calendars on each Zone webpage to help with planning dates and locations. If you have any questions about the Tentative Calendars, team membership, expanding your team by adding a discipline or how to start a new team - reach out to Membership Marketing Coordinator, Jennifer Eaton at [jenn@rideiea.org](mailto:jenn@rideiea.org).

## What We Do

We screen print and sell t-shirts, sweatshirts, and other garments, all done on-site at your event, wherever it may be. We bring all necessary production materials with us to every event so we are always prepared to meet your needs. There is absolutely no cost to you, other than providing us with an electrical outlet to use. In fact WE PAY YOU!

A percentage of our gross sales is paid to you as a vending fee. Because we stock the inventory and our items are printed to order, there is no need for your funding whatsoever. In making your event t-shirts, we create excitement for all your participants and spectators alike. And, WE PROMOTE YOU!

## Benefits

- No money handling; therefore no lost revenues or trust issues.
- You receive a percentage of the gross sales.
- Event tee's is our business, so you can be assured we go all out to make our sales a success including high-impact, professional graphic design.
- Every time our shirts are worn, they are promoting your event.
- Garments are printed on-site, as they are sold, this means no leftovers and no losses to profit.
