

Thank you for your interest in joining the IEA as an ADULT RIDER. Due to technical issues beyond our control, all adult riders will now complete an application for an ADULT CONTRIBUTING MEMBER.

In addition to your application, you are also required to complete SafeSport training and provide the Membership Office with proof that you completed the training. This proof may be uploaded when you complete your application, or you can send it in separately to INFO@RIDEIEA.ORG.

You can find more information about the SafeSport requirement here:  
<https://www.rideiea.org/forms/safesport/>

You are NOT required to take the IEA Adult/Coach Rulebook quiz. Please disregard any mention of this on the Adult Contributing Member application.

When completing your application, please remember to:

- Confirm that the name of the team you are joining is noted on your application. Many browsers will prefill that field with your name.
- Please place an "- R" after your last name. This will better help us to identify you as an adult rider and expedite the process of adding you to your team.

**Example: Jennifer Eaton – R**

**Adult Contributing Member Application:**
