### IEA Rule G2303.1.8 – Proxy Coach Guidelines

If an IEA Member Coach is unable to attend or fulfill their coaching responsibilities at an IEA-sanctioned show, activity, or event, an alternate IEA Member Coach (proxy coach) must be designated. A proxy coach is defined as an IEA Member Coach in good standing, listed on an active team roster.

The proxy coach is required to perform all the same duties and responsibilities as the rider's original IEA Member Coach. The original coach must inform the Event Host Coordinator of the substitution before the start of competition.

The proxy coach must:

- Sign and date this Proxy Coach Form (available on the IEA website) and give it to the event host prior to the start of competition

The proxy coach form must be included with the show paperwork that is uploaded to AccesssIEA by the show secretary.
