HUNT SEAT RULES SECTION

****The rules herein apply only to the hunt seat discipline and are supplemental to the general rules applying to all disciplines.****

These Rules and Regulations shall take precedence over all other rules and regulations of other similarly situated organizations. No IEA Region or Zone may adopt rules inconsistent herewith. However, if a topic is not covered by these Rules and Regulations, the following rules may be referenced as guidance in making an equitable decision under the circumstances:

- For the Hunt Seat discipline: first the rules and regulations of the Intercollegiate Horse Shows Association ("IHSA") and then, if not resolved, the rules of the appropriate national governing body (NGB);

RULE H3000: HUNT SEAT CLASSES AND TESTS: RIDER PLACEMENT AND ELIGIBILITY

H3100 General - All Disciplines - Refer to Rule G3000 for additional general rules for classes and tests: rider placement and eligibility criteria.

H3200 Rider Classification and Class Eligibility

H3202 Initial Class Placement and Advancement for Hunt Seat

H3202.1 Initial placement of hunt seat riders must be based upon the class descriptions in Rules H3301 and H3302. Riders without jumping experience should be assessed according to their ability to perform flatwork tests as listed in Rule H3304.

H3202.2 Initial rider placement in hunt seat classes must be within the same class eligibility level. Competing in two different hunt seat divisions/class levels is permitted only when a rider points out on the flat.

H3202.3 Crossover Riders

Open or Intermediate hunt seat riders may not be placed nor compete lower than novice in any western or dressage class. Riders will progress per advancement criteria outlined in Rule G3200 with particular attention to Rule G3201.5. The rider's experience and skill set should determine whether or not they compete in the performance class (over fences, reining/ranch riding, dressage test) or just in the group flat/rail class (flat, horsemanship, DSE). Mandatory or voluntary advancement in a class/level in one discipline may also require advancement in a class/level in the crossover division.

H3202.4 Western or dressage riders crossing over into the hunt seat discipline must have a minimum of one year of professional instruction over fences before competing in an over fences class.

H3202.5 International riders coming to IEA with no hunter or hunt seat equitation experience in the United States may be placed one division lower than their experience would designate for initial placement.

RULE H3000: HUNT SEAT CLASSES AND TESTS: RIDER PLACEMENT AND ELIGIBILITY

H3202.6 Hunt seat riders who advance to a higher division/class level **over fences** must also advance to that higher division/class level **on the flat**.

Hunt seat riders who advance to a higher division/class level **on the flat** are not required to advance to that higher division/class level **over fences**.

Thus, competing in two different divisions/class levels is permitted only when a rider advances on the flat.

H3303.1 Hunt Seat Leading Rider Award

Presented at regular season shows to the high point individual open rider with the greatest total combined points from class H1 varsity open over fences and class H2 varsity open flat. In case of a tie, the award will be determined first by the higher individual placement over fences and then if necessary broken by the higher score on the judge's card. If the placements/scores are tied and cannot be broken, refer to Hunt Seat Rules H4601-H4602.

Instead of presenting this Hunt Seat Leading Rider Award, the EHC may opt to run a VOC class as defined in H3303.2.

H3303.2.5 The class may be run using the same mount for all phases of the competition, or a separate draw may be done for each phase.

H3303.2.6 The judge may choose to implement additional testing after the completion of the first two mandatory phases.

If additional testing is over fences, it may occur on the same horse drawn for Phase 1 or new draw that was used in Phase 1. Warm-up jumps for phase 3 are not mandatory but may be allowed at the judge's discretion.

H4400 Show Routine

H4401 Hunt Seat Arena Requirements

H4401.1 Fences should consist of natural posts and rails, painted rails, brush, oxers (but not square oxers), coops, gates, and/or walls. Coops that are hinged at the top and free at the bottom are prohibited.

RULE H4000: REGULAR SEASON COMPETITIONS - REQUIREMENTS, PROCEDURES AND RESPONSIBILITIES

- H4401.2** A top rail is mandatory over any type of fill (e.g. gates, planks, and boxes).
- H4401.3** Empty jump cups must be removed on wings and standards in the competition ring or schooling area. If jumps are broken down for flat classes and wings and standards are left in the ring, jump cups must be removed and stored safely to avoid being hazards to horses and riders.
- H4401.4** All fences must have wings or standards at least twelve inches (12") higher than the top of the fence. If needed in smaller rings, the arena wall /kick board may serve as an acceptable wing.
- H4401.5** Ground lines are mandatory (boxes and/or single pole). Excess jump material (wings, standards, poles...) should be stacked safely or removed from the ring when not in use.
- H4401.6** The use of ramped oxers (not square, Swedish, or off-set oxers) is permitted only at the Varsity Open level. Oxers may not be designated as a warm-up fence, as the first fence of a course, or as a trot jump.
- H4401.7** The back rail of all oxers are required to have either safety cups or easily breakable jump cup pins (e.g. thin wooden dowels).
- H4401.8** Lines may not be set for fewer than three strides. Combinations of one or two strides are prohibited.
- H4401.9** Over fences classes shall be held over at least six (6) jumps and may include a trot jump. Trot jumps in open may not exceed 2'. Trot jumps in intermediate and novice may not exceed the standard fence height for the class.
- H4401.10** Novice courses must include at least one (1) change of direction. Open and intermediate courses must include at least two (2) changes of direction.
- H4401.11** When two (2) shows are held consecutively (AM & PM, Saturday & Sunday, or any two (2) consecutive days) at the same venue, courses for each division over fences must change. Although the physical placement of the jumps may remain the same, the second show must have different courses. Refer to Rule G4402-G4405 for schooling requirements.
- H4401.12** Judges and show stewards must visually inspect each course prior to the start of competition.
- H4401.13** Each show must have a designated time defined in the show schedule to allow riders to walk the course.

H4402 Hunt Seat Schooling Procedures (see also Rule G4402)

- H4402.4** Horses to be used over fences must be schooled over all the fences in the appropriate direction(s) and at the highest height at which they will compete.

RULE H4000: REGULAR SEASON COMPETITIONS - REQUIREMENTS, PROCEDURES AND RESPONSIBILITIES

H4402.5 Non-jumping horses must be schooled a minimum of one lap at each gait in each direction.

H4402.6 Hunt seat horses may be schooled using equipment required to help them perform their best.

Before the completion of schooling, horses must be schooled in the tack and aids permitted in the posted/distributed horse description sheet.

Changes made to tack or aids permitted in the posted/distributed horse description sheet must be posted publicly on a ringside change board.

H4407.3 Over fences class riders will be allowed one lap in each direction around the warm-up arena and two (2) practice jumps (one off each lead) before entering the show ring. Practice jumps will be set and adjusted by the schooling supervisor and/or show steward. Jumps should be set at the same height as the class in the show ring. The EHC must post/distribute a set warm-up pattern that complies with the above guidelines.

H4407.4 If a show does not have a separate schooling area, a warm-up pattern in the show ring will be posted that complies with IEA guidelines. After the warm-up pattern is completed, the rider may confer with their coach for up to thirty (30) additional seconds before starting the judged round.

H4407.5 Warm-up patterns are unjudged. Errors (e.g. refusals, off-pattern, or falls) in warm-up do not necessitate elimination. Disregarding the posted patterns or directions of the schooling supervisor may result in loss of schooling privileges or elimination.

H4409 Falls, Refusals, and Eliminations (see also Rule G4409)

H4409.7 Three (3) refusals will result in elimination.

Using position aids and wearing attire with team identifying logos or promotional logos in the competition ring are causes for disqualification (Rules G4412.6 and G4412.7).

H4600 Tie Breaker Rules

H4601 At all shows, including post-season, for all placings, team ties shall be broken in consultation with the show steward, first by the total number of first (1st) place finishes, then by total number of second (2nd) place finishes, then by total number of third (3rd) place finishes, then by the total number of fourth (4th) place finishes, then by total number of fifth (5th) place finishes. If a tie still exists, then it shall be broken by the highest combined total of points from performance classes (hunt seat over fences). Designated team point rider scores are the only scores to be considered when breaking team placement ties.

H4602 If the tie still cannot be broken, the show steward, in consultation with the judge, shall decide upon a ride-off, question provided by the judge, or a coin toss to determine the tie-break. Any one of these three methods selected shall determine both title and awards at all shows except national finals. This selected method shall determine the distribution of awards at national finals, but national titles shall be shared.

RULE H6000: SHOW STAFF AND OFFICIALS - HUNT SEAT - Refer to G6000 regarding general rules

H6300 Additional Responsibilities of Hunt Seat Judges

H6301 The judge must visually inspect courses of fences after they have been set to ensure jump criteria outlined in Rule H4401 is followed.

H8504 Class Specifications - Hunt Seat Team Competition

H8504.1 There will be no more than eighteen (18) teams at national finals.

H8504.2 Each active zone may send one (1) team to national finals. The host zone for national finals, as determined annually by the Board of Directors, may send one (1) additional future and upper school team to national finals.

H8504.3 The remaining teams for national finals will be proportionately divided among the zones based upon the number of teams in each zone as determined by the director of membership on December 1st of each year. Calculations will be based on total individual rider memberships, and will be split into calculations for future (4th-8th grade) total members and upper school (9th-12th grade) total members. These percentages will then be applied to all team class allotments and to all individual class allotments at national finals. In the case of any allotted spots that cannot be awarded by mathematical percentages, any unused allotments will be put into a random draw and all zones that represent 10% or more of the membership in that category will be eligible to potentially draw the lottery-allotted spot. The draw will be done by the executive director and supervised by the national steward. The director of membership will notify the zone administrator at the beginning of each calendar year of the number of additional teams a zone may send to nationals.

H8504.4 Qualified teams may enter one (1) rider for each team class offered at national finals.
