

Tips for a successful season in the **IEA Adult Rider Division**

First things first

If you are not already part of an IEA Team, the first step is finding a coach and a team in your area. Encourage other adults to participate too. The IEA Adult Rider Division is still growing, and the best way to help is by encouraging others in your area to join too.

Do your Homework

Check into what shows in your region or zone may be offering Adult Rider classes. Check in with those event hosts early and let them know your team has adults and your excited to come.

Strategize

Not enough shows in your area? Offering the Adult Division Classes is not mandatory for event hosts. Start by making sure your own team is offering them at shows they are hosting/co-hosting. Brainstorm ways that Adult Division Classes may be added onto a show, or even consider putting together an Adult Division stand alone show.

Think about it

Pay attention to your points and check the rankings online. Make sure you know which post season options you may be eligible for, and if you may qualify.
