Hello!

This is the first activity of the National Hippology Academy, hosted by the IEA.

In this activity, you will watch three short videos:

[FITTING A SAFETY HELMET](#)
[SAFE LEADING](#)
[CATCHING A HORSE IN A STALL](#)

Following the video, you will take a special quiz available in your [Classmarker.com](#) account.

The quiz has the following parameters:

- 20 questions
- 15 minute time limit
- The quiz must be completed in one sitting
- Each participant may only take the quiz one time

The top two scores in both futures and upper school will receive a prize. If a tie exists among top scores, each participant will be put in a raffle for prizes. Winners will be announced on the IEA website by September 24, 2026.

If you have any questions, or problems accessing the video or quiz, please reach out to me immediately.

Good luck!!
